LIVE THE UCF CREED

INTEGRITY
I will practice and defend academic and personal honesty.

SCHOLARSHIP
I will cherish and honor learning as a fundamental purpose of my membership in the UCF community.

COMMUNITY
I will promote an open and supportive campus environment by respecting the rights and contributions of every individual.

CREATIVITY
I will use my talents to enrich the human experience.

EXCELLENCE
I will strive toward the highest standards of performance in any endeavor I undertake.
The University of Central Florida is a bold, preeminent research institution widely recognized as America’s leading partnership university. With more than 68,000 students, UCF is one of the largest universities in the United States and is ranked as one of the best educational values in the nation by Forbes and Kiplinger’s. The university benefits from a diverse faculty and staff who create a welcoming environment and opportunities for all students to grow, learn, and succeed.

A Foundation for Success

UCF and its 13 colleges offer more than 224 degrees at UCF’s main campus, hospitality campus, health sciences campus, 11 Connect Center locations, and online program. The 1,415-acre main campus is 13 miles east of downtown Orlando and adjacent to one of the top research parks in the nation. Regional campuses are located throughout Central Florida and include a fully accredited College of Medicine in the Medical City at Lake Nona. UCF’s online-only programs include bachelor’s degrees, graduate degrees, and graduate certificates.

By the Numbers

UCF offers 101 bachelor’s, 88 master’s, 29 research doctorates, three professional doctorates, and three specialist degree programs, and it leads all public universities in Florida and the nation by conferring more than 16,000 degrees a year. In fall 2018, the freshman class had an average SAT two-score of 1328, The Burnett Honors College enrolled 2,211 students, and the number of incoming National Merit Scholars ranked UCF among the top 30 colleges and universities in the nation.

Top-Ranked College Education

UCF is an academic, partnership, and research leader in various fields, such as optics and lasers, modeling and simulation, engineering and computer science, business administration, education, hospitality management, health care, and video game design. In fact, UCF’s Florida Interactive Entertainment Academy is ranked as the nation’s number five game school by The Princeton Review.

Knight Life

Home to Spectrum Stadium and the Addition Financial Arena, UCF hosts various concerts and shows, plus cultural events and NCAA sports. Student housing is abundant, as are on-campus events and activities. UCF offers an array of student services, hundreds of student clubs and organizations, and dedicated academic resources to help students succeed in school and as alumni. The UCF Downtown campus, scheduled to open in fall 2019, will provide innovative urban education for high-demand fields such as digital media and health informatics.
Dear Graduates,

On behalf of UCF — congratulations, Class of 2019! You now join an alumni base that continues to grow in size, excellence and impact.

Today is about recognizing the investment you have made in your future and celebrating all the hard work you’ve put into it. As you leave UCF, or continue your education here, we hope you’ll use your knowledge, talent and degree to make a positive mark on the world, and remember the friends, family and faculty members who helped you along your path.

I am honored to have been a part of your time here. Congratulations again, and best wishes. Never stop reaching for the stars!

Go Knights! Charge On!

Dr. Georgia Lorenz is the third president of Seminole State College of Florida.

Prior to joining Seminole State, Dr. Lorenz served as Vice President of Academic Affairs at Santa Monica College in California, with direct responsibility for providing leadership and administrative oversight to the college’s instructional programs, including curriculum, 21 academic departments, satellite campuses, learning resources, distance education, continuing education and health sciences.

Since moving to Central Florida from California, she has been active in building relationships with educational and business leaders and engaging with faculty, staff, students and the community to inform the College’s next strategic plan. She is personally involved with foster youth and is committed to open access -- ensuring that a high quality, affordable, college education is available to all students, including those from economically and socially disadvantaged backgrounds.

Dr. Lorenz earned a Ph.D. in Educational Policy, Planning and Administration at the University of Southern California. She holds a Master of Science in Education and Social Policy from Northwestern University and a Bachelor of Arts in English from Stanford University. Dr. Lorenz lives with her husband Mike in Lake Mary.

Paul F. Browning is President and Chief Executive Officer of Mitsubishi Hitachi Power Systems Americas (MHPS-AMER), Inc. and oversees all Western Hemisphere business activities. MHPS-AMER is headquartered in Central Florida, and has regional offices across Canada, the U.S., Mexico, and Brazil. With over 2,000 employees, MHPS-AMER operates four manufacturing and repair centers and provides a wide variety of products and services for the electric power generation industry including gas, steam, and geothermal turbines, boiler, and environmental control systems to serve customers throughout the Americas. Mr. Browning has led MHPS-AMER’s expansion into Central and South America, assembled teams and opened regional offices, positioning MHPS-AMER as a top competitor in the Latin American energy market.

Mr. Browning has extensive global leadership experience in distributed and central power generation, as well as in North American midstream and downstream oil and gas operations. He has worked in the United States, Canada, Mexico, and Germany and has commercial experience around the world. He has also served on the Board of Directors of eSolar and Fuel Cell Energy.

Mr. Browning holds a B.S. degree in Metallurgical Engineering & Materials Science from Carnegie Mellon University, as well as an M.S. degree in Materials Engineering from Rensselaer Polytechnic Institute.

Commencement Speaker

Judy Duda has enjoyed a twenty-five year relationship with the UCF Symphony Orchestra: providing a spacious venue and financial support for more than 50 performances, with audiences totaling more than 50,000, through St. Luke’s Concert Series, which she founded in 1993 and directed until her very recent retirement.

She has also served as Chairman of the Executive Council for the Dean of the College of Arts and Humanities for more than a decade. She has become known as an advocate for the Music and Performing Arts programs at UCF, endowing a Scholarship for String students and other support.

Born and educated in Chicago (Concordia University), Judy found herself in Florida early in 1958, filling a teaching internship at a small Lutheran school in “Slavia,” which was then a tiny agricultural community near Oviedo. But that “temporary” position has led to a lifetime of service to St. Luke’s Lutheran Church and to the broader Central Florida community.

Her passions for education, music and the arts, social ministry and history are reflected in the volunteer leadership roles she has filled as a member of numerous local, state and national boards.

Meanwhile, her primary commitments to family, church and community have continued. In recent years, she has co-authored a book celebrating the centennial of St. Luke’s and has created a large digital collection, which can be accessed on UCF’s “Central Florida Memory” website.

Commencement Speaker

Robert A. “Bob” McDonald served as the eighth Secretary of Veterans Affairs under President Barack Obama from July 2014 – January 2017.

Secretary McDonald led the Department in its ambitious transformational journey to be a world-class service provider and the No. 1 customer-service agency in the Federal government. Under his leadership, the VA made substantial progress in bringing an effective end to Veteran homelessness.

Before joining the VA, Secretary McDonald was Chairman, President, and Chief Executive Officer of The Procter & Gamble Company (P&G). Under his leadership, P&G significantly recalibrated its product portfolio and expanded its marketing footprint by adding nearly one billion people to its global customer base.

Secretary McDonald graduated from the United States Military Academy at West Point and earned his MBA from the University of Utah. An Army Veteran, Bob served with the 82nd Airborne Division.

Secretary McDonald and his wife are the parents of two grown children and the proud grandparents of three grandsons and two granddaughters.

Baccalaureate Honors

Baccalaureate Honors are conferred on those students who complete a minimum of 48 semester hours at UCF and attain an overall grade point average that falls in the top 10 percent of all graduating students in the same college over the prior two-year period.

Honors are distinguished as follows:

- *** summa cum laude—students in the top 2.5 percent
- ** magna cum laude—students in the top 5 percent but not in the top 2.5 percent
- * cum laude—students in the top 10 percent but not in the top 5 percent

The asterisk (*) appears as indicated above next to the name of each graduate who may qualify for Baccalaureate Honors.

Because records for the final term are incomplete at the time the commencement program is printed and final term grades may affect relative rankings and overall GPA, indication in the program of graduation with Honors is presumptive rather than conclusive.

Baccalaureate Honors list cutpoints are available at:

The Commencement Ceremony and Academic Regalia

The Academic Procession has descended from religious processions that came to include teaching faculties when universities were closely associated with the medieval church. The presence of a piper in American academic processions has become popular in recent years. The pipers for UCF’s ceremonies are David Enzfelder and Reg Lyle.

The procedure followed for the awarding of degrees is based on a practice developed at the University of Paris almost 800 years ago. In those days, the bishop of Paris, like every other bishop, was responsible for local educational curriculum and degree granting. His authority in these matters, however, soon came to be disputed by the teachers. They asserted that only they could be the proper judges of the qualifications of the students. This threatened impasse was resolved by a compromise under which the teachers, or masters, judged the merits of the students and then recommended them to the bishop for their degrees. Today’s ceremony includes a secularized version of that procedure. A representative of the Faculty Senate certifies that the student candidates are qualified to receive their degrees. The president then authorizes the awarding of the degree.

Academic heraldry in the form of academic dress reaches as far back as the earliest days of the oldest universities. Formal directives concerning the correct and proper wearing of academic regalia date back to the early 14th Century. In the United States, as a result of our English heritage, caps and gowns have been used since colonial times.

As heraldic devices such as shields, coats of arms, and standards could identify a knight and his individual heritage, academic regalia can describe the academic origin and accomplishments of the wearer. Easily recognizable are holders of bachelor’s, master’s, and doctoral degrees. With the same glance, the trained eye may identify the university that conferred the degree as well as the individual’s field of learning.

The shape and decorations of the gown are the keys to the highest degree earned by an individual. The gown for bachelor’s has long pointed sleeves and is designed to be worn closed only. The master’s gown has an oblong sleeve and is open at the wrist; the rear part of its oblong shape is square cut, and the front part has an arc cut away. The master’s gown may be worn open or closed. The doctor’s gown has bell-shaped sleeves, may be worn open or closed, and may be most readily identified by its velvet facing down the front and by three velvet chevrons on each sleeve.

It is the hood, however, which is the most important and distinctive feature of American academic pageantry. Chevrons enable those attending an academic function to distinguish at a glance the wearer’s academic heritage. The bachelor’s hood, seldom seen in American academic circles, is three feet long with a two-inch edging of velvet. The master’s hood is three and one-half feet long with a three-inch edging. The doctor’s hood is four feet long with a five-inch edging.

The color of the hood’s velvet edging represents the field in which the wearer earned his or her degree. Although black may be used for any area, colors denoting selected fields of learning are as follows at UCF and American universities: all Ph.D.s are edged in dark blue, while professional doctorates, such as the Ed.D., are edged in the color of professional discipline.

The hoods used by American colleges and universities are lined with silk in the official academic colors of the institution that conferred the degree. UCF graduates, for example, will wear hoods with linings of black and gold. Generally, a school’s academic colors are identical to its athletic colors.

The academic regalia you see before you today can be traced directly back to the beginnings of the oldest colleges and universities. In 1885, there occurred a widespread student movement in America to wear caps and gowns at commencement ceremonies. The graduating students seemed to feel a need for significant and dignified apparel for the occasion. By 1895, widespread adoption of a uniform code by 95 percent of colleges and universities in the country gave America its own distinct academic regalia.

However, at any academic gathering, there usually appear regalia which cannot be fathomed by these guidelines. Some of these may be from foreign universities; others are from those American institutions that have preferred to remain with the European tradition of allowing each school to determine its own costume. The result is the academic regalia you see before you today. The colors of the master hoods are as follows:

Inclusive Education Services

In Fall 2015, UCF further embraced its commitment to inclusion and diversity through Inclusive Education Services (IES). IES offers a non-degree, vocational preparation and college experience for students with intellectual disabilities. UCF is pleased to be one of approximately 16 similar college programs in the state of Florida and an estimated 265 college experiences nationally.

IES is a unit within the Division of Student Development and Enrollment Services and operates in partnership with the College of Community Innovation and Education. Upon successful completion of a 42-unit curriculum spanning 2.5 years, students earn a Professional Services Credential through the Division of Continuing Education. The Continuing Education credential provides students with the opportunity to specialize in one of three concentrations: Hospitality, Early Childhood Education, and Social Services. These areas align with the highest job growth and fastest hiring industries in Central Florida based on recent employment outlook data. Individuals with intellectual disabilities have a history of low employment rates in our country, hovering around 17 to 18% employment based on national statistics. Experiences such as IES aim to improve this outcome.

Each concentration within the Professional Services Credential includes academic courses, including courses that the students audit with degree-seeking UCF students, on-campus work experiences and a capstone community internship. At UCF, students also have the opportunity to live on campus and to participate in most student activities, opportunities and resources, such as attending football games, working out at the Recreation and Wellness Center, and participating in one of UCF’s 700+ student clubs and organizations.

UCF is pleased to celebrate the first group of students to complete the IES experience with recognition at the College of Community Innovation and Education ceremony. The list of students includes:

The University Mace

During the Middle Ages, the mace was an effective weapon in battle, but as newer and more powerful military arms developed, it was transformed into a symbol of authority.

The earliest ceremonial maces were borne by bodyguards of 12th Century English and French kings. By the end of the 16th Century, they were used widely by officials of English cities and towns. Today, the ceremonial mace is found in the British Houses of Parliament and is frequently carried in ecclesiastical processions and in university convocations and commencement ceremonies.

The mace incorporates two symbols identified with the University of Central Florida. The top is cast in the shape of the star found over the Pegasus in the UCF emblem. Inside the star is a reproduction of the “Flame of Hope” sculpture near the John C. Hitt Library.

The mace is cast in bronze with three bronze UCF emblems inlaid at the crest of the rosewood staff. The center of the staff is engraved with the names of the presidents of UCF.

The creation of UCF’s mace was a collective effort by UCF art professor Jagdish Chavda, sculptor David Cambia, and wood craftsman David Conway.

The Presidential Medallion

The gold medallion worn by the university president at formal and ceremonial occasions marks the president as a distinguished scholar and administrator, the highest officer of the university, and one who strives to uphold the twin tenets established by its founders: Accent on the Individual and Accent on Excellence.

The medallion is embossed with the university seal showing the mythical Pegasus ascending toward a single heavenly star and the motto, Reach for the Stars. The seal serves as a visible reminder to each member of the university community to strive to reach individual goals. The president has been entrusted to maintain and develop an atmosphere in which these creeds can be realized. The presidential position represented by the medallion epitomizes the foundations and aspirations of the university that the president has pledged to uphold.

As the only university official who can formally award a degree, the president recognizes the graduates for meeting the standards of excellence set by the university and for reaching the point from which new ventures begin.

From the presentation of the first medallion in 1968 to charter President Charles Millican to the one worn today, the Presidential Medallion has remained a symbol of academic leadership and the legacy of those pioneers who launched a unique experiment in higher education.

Diploma Distribution Information

Approximately 6-10 weeks after commencement, all baccalaureate, education specialists, and master’s degree diplomas will be mailed to the address indicated on the student’s Intent to Graduate form. Students should log into MyUCF to update their diploma mailing address if the diploma mailing address changes after filing their Intent to Graduate.

For additional information, undergraduate students should call the Registrar’s Office at 407-823-3100. Graduate students should contact the College of Graduate Studies at 407-823-4132.

Congratulations, graduates!

Lost and found items may be turned in or claimed at Guest Services, located at the main entrance on the second level. All University of Central Florida campus activities, events, programs, and facilities are available to all students of any race, color, religion, sex, national origin, age, disability, marital status, sexual orientation, gender identity, gender expression, and veterans’ status with due respect to law and the university’s philosophy of respect for individual and personal dignity.
All hail to Alma Mater whose banner black and gold,
Will wave in fame and splendor as the passing years unfold.
May loyalty and friendship, within our hearts unite,
And light the star to guide us ever upward in our flight.

With honor and affection our friendship will renew,
We sing of thee our Alma Mater ever true.
This commencement program will be available at commencement.ucf.edu/2019/spring/archive for download as a PDF beginning Monday, May 6, 2019.
